Beach Matting and Beach Wheelchairs

Beach Matting

During the patrol season (September to April) beach matting is installed at Toowoon Bay, Umina Beach, Ocean Beach and Terrigal Beach. This provides a stable surface for people with disability and limited mobility to access the shoreline.

These beaches were chosen because erosion is low to moderate and they are relatively flat. During patrol off-season (May to August) only Toowoon Bay has permanent beach matting due to its protected location. At times Council may remove matting due to storm events that affect this beach.

Beach Wheelchairs

Council has a suite of beach wheelchairs available for free hire to residents and visitors at selected patrolled beach locations. Refer to the online booking form for listed beaches.

There are 3 models of beach wheelchair. Hire can be arranged onsite with a lifeguard, but we recommend booking online using the QR code to ensure the preferred model of beach wheelchair is available.
